

WILLIAMS' ROOT BEER

Give the young folks all they want of it! The cost is next to nothing—two cents a quart—and the whole system. It's a marvel in thirst quenching, its flavor is delicious, and that such a satisfying drink can be made without alcohol is a grand thing for the temperance cause. A few bottles kept on the ice will be worth their weight in gold during the warm season. Insist on having Williams' and only Williams'.

AT THE 'VILLE.

A valuable document has been found among the effects of the late Isaac W. Sanborn of Lyndon. It is the original grant of the town of Lyndon, dated in 1781, the 27th of June, and bears the signature of Vermont's first governor, Thomas Chittenden. It bears the state seal. Also a pin is used in confining the papers, showing the quaint style of that useful article over 125 years ago. This will be placed among the cherished relics of the town and ought to occupy a conspicuous place in the new town library building.

A very pleasant reception was held at the new Universalist parsonage last week Thursday evening. A large number were present, and enjoyed a very pleasant evening with their hosts, Rev. and Mrs. John Kimball. The ladies of the church had purchased for the pastor and his wife a beautiful parlor rug for the adornment of their new home. To the presentation of this gift Mr. Kimball responded gratefully. A good program was given during the evening, with speaking by Mrs. Harris Allen, and music by the ladies' quartet, singing by Mrs. Pratt and her sons, violin solo by Dr. Roscoe Carter. Bountiful refreshments were served, consisting of salads, sandwiches, cake and coffee. All present extended congratulations to Mr. and Mrs. Kimball and wishes for many years of happiness in their new home.

PAIN IN THE BACK.

A Sure Sign of Kidney Trouble. Dr. Kennedy's Favorite Remedy will cure you.

Pain in the back is a never failing sign of kidney disease; another sure sign is the condition of the urine; if you have a pain in the back then look to the condition of your urine. Take a glass tumbler and fill it with urine; after it has stood 24 hours, if it has a sediment, if it is milky or cloudy, pale or discolored, stringy orropy, your kidneys and bladder are in a dangerous condition and need immediate attention, or the consequences may prove fatal.

F. C. Wilcox of 559 New Britain ave., Hartford, Conn., says:

"I had a frightful pain in my back, the result of kidney trouble. My physician seemed powerless to relieve me. I determined to try Dr. David Kennedy's Favorite Remedy; it helped me wonderfully, and in a short time cured me completely."

Dr. David Kennedy's Favorite Remedy is the one medicine that really cures all diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation. It is wonderful how it makes that pain in the back disappear, how it relieves the desire to urinate often, especially at night, and drives away that scalding pain in passing water and makes you well and strong.

It is for sale by all druggists in the **Now 50 Cent Size** and the regular \$1.00 size bottles—less than a cent a dose. Sample bottle—enough for trial, free by mail. Dr. David Kennedy Corporation, Rondout, N. Y.

Miss Alice Bailey, of Atlanta, Ga., tells how she was permanently cured of inflammation of the ovaries, and escaped the surgeon's knife, by the use of Lydia E. Pinkham's Vegetable Compound.

The universal indications of the approach of woman's great enemy, inflammation and disease of the ovaries, are a dull throbbing pain, accompanied by a sense of tenderness and heat low down in the side, with occasional shooting pains. On examination it may be found that the region of pain will show some swelling. This is the first stage of inflammation of the ovaries.

"DEAR MRS. PINKHAM:—I wish to express my gratitude for the restored health and happiness Lydia E. Pinkham's Vegetable Compound has brought into my life.

"I had suffered for three years with terrible pains at the time of menstruation, and did not know what the trouble was until the doctor pronounced it inflammation of the ovaries, and proposed an operation. I felt so weak and sick that I felt sure that I could not survive the ordeal, and so I told him that I would not undergo it. The following week I read an advertisement in the paper of your Vegetable Compound in such an emergency, and so I decided to try it. Great was my joy to find that I actually improved after taking two bottles, so I kept taking it for ten weeks, and at the end of that time I was cured. I had gained eighteen pounds and was in excellent health, and am now.

"You surely deserve great success, and you have my very best wishes."—MISS ALICE BAILEY, 50 North Boulevard, Atlanta, Ga.

Another woman saved from a surgical operation by Lydia E. Pinkham's Vegetable Compound. Read what she says:—

"DEAR MRS. PINKHAM:—I cannot thank you enough for what your Vegetable Compound has done for me. If it had not been for your medicine, I think I would have died.

"I will tell you how I suffered. I could hardly walk, was unable to sleep or eat. Menstruation was irregular. At last I had to stay in my bed, and flowed so badly that they sent for a doctor, who said I had inflammation of the ovaries, and must go through an operation, as no medicine could help me, but I could not do that.

"I received a little book of yours, and after reading it, I concluded to try Lydia E. Pinkham's Vegetable Compound, and I am now a well woman. I shall praise your medicine as long as I live, and also recommend the same to anyone suffering as I was."—MRS. MINNIE OTTOSON, Otho, Iowa.

All sick women would be wise if they would take Lydia E. Pinkham's Vegetable Compound and be well.
